Central European Expert Summit 2016 on

## **Bone Infection and Bone Regeneration**

May 30–31, 2016

Aachen University | Aachen, Germany

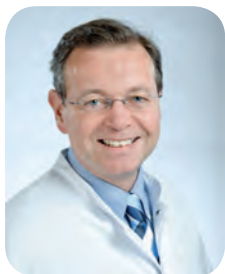

Dear Colleague,

It is with great pleasure that we invite you to the Central European Expert Summit 2016 on Bone Infection and Bone Regeneration in Aachen, Germany at the end of May. The summit will be the first gathering of its kind and size for experts interested in the treatment of bone infections with new methods that do not depend on the use of local antibiotics.

The problem of drug-resistant infections is becoming an increasingly serious concern globally. The aim of this summit is to bring together our knowledge and experiences, and discuss how the difficulties that lay ahead of us may be overcome. The program includes contributions from world-renowned speakers and leading experts in the field, and we hope you will enrich the discussion with your attendance.

We look forward to seeing you in Aachen!
